

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

REPORT.

OFFICE OF THE STATE BOARD OF ASSESSORS,

TRENTON, N. J., October 31, 1906.

To the Legislature of New Jersey:

In accordance with the provisions of the act entitled "An act to revise and amend an act for the taxation of railroad and canal property, approved April tenth, one thousand eight hundred and eighty-four" (which revision was approved March 27, 1888), the State Board of Assessors herewith submits its twenty-third annual report, covering the assessment for State taxation of railroad and canal property; the State tax upon miscellaneous corporations; and the franchise tax assessed against public utility corporations, apportioned to the various municipalities under the terms of Chapter 195, Laws of 1900 (Voorhees Franchise Tax Act) and supplements.

RAILROADS AND CANALS.

For the year 1906 assessments have been levied against one hundred and thirteen railroad corporations and one canal company, the particulars of which assessments may be found in Schedule D of the Appendix to this report. There have been added to the assessment list the following *new* corporations:

Irvington R. R. Co. (Lehigh Valley System.)
Hoboken & Manhattan R. R. Co. (Unclassified.)
Hudson & Manhattan Ry. Co. (Unclassified.)

and the following consolidations or mergers have been made:

National Docks Ry. Co., consolidated with the Lehigh Valley R. R. Co. of N. J.	
Hibernia Branch R. R. Co.	} Consolidated under the name of Wharton & Northern R. R. Co.
Morris County R. R. Co.	
Morris County Connecting R. R. Co.	
New Orange Four Junction R. R. Co., corporate name changed to Rahway Valley R. R. Co., under consolidation proceedings.	

In the classification of assessments, the New Jersey Terminal Railroad Company has been transferred from the Unclassified Railroads to the Central Railroad System.

TRACKAGE STATEMENT.

The total length of track constructed in New Jersey at the close of the year 1905 was:

	Miles.
First track	2,330.333
Second track	834.374
Third and fourth tracks'	232.162
Sidings	1,915.653
Total	5,312.522
Of which is laid with steel rails.....	4,701.959
Of which is laid with iron rails.....	610.563
Total	5,312.522

The number of miles of canals and feeders in the State is 173.340.

The increase in the aggregate mileage of track over 1904, including all classes, is 137.724 miles.

	Miles.
Increase, steel rails	174.184
Decrease, iron rails	36.460
Net increase	137.724

FINANCIAL STATEMENT.

The capital stock and debt, as reported, are as follows :

Capital stock	\$157,454,473 00
Funded debt	192,273,665 00
Unfunded debt	13,397,156 00
Total	<hr/> \$363,125,294 00

The gross earnings of all lines for the year ending December 31, 1905, were \$70,154,951.60.

LEGISLATION OF 1906.

The Legislature of 1906 passed several acts very materially and vitally affecting the subject of railroad taxation, notably Chapter 82, Laws of 1906, providing for the taxation of the railroad and canal property particularly described in subdivisions *one, three and four* of Section 3 of the "Railroad Tax Act" (to wit, main stem, franchise and tangible personal property at the "average rate of taxation," and prescribing the method whereby this average rate should be arrived at. Copy of the act in question will be found in the Appendix, marked Exhibit A. Under the terms of this act, the local Assessors of each taxing district of the State are required to report to this Board on or before the first day of October in each year a sworn statement showing the true value of all real and personal property subject to taxation in their respective taxing districts, together with the rate of taxation imposed in said taxing district for said year. The act further provides that "the aggregate value of all the property, real and "personal, so certified, shall be deemed to be the aggregate value "of the general property in the State. In each taxing district "the amount obtained by multiplying the value of all the prop- "erty in such taxing district by the rate of taxation therein shall "be deemed to be the total taxes of said taxing district, and the "aggregate of the said total taxes so ascertained shall be deemed "to be the aggregate taxes of the State. The 'average rate of "taxation' shall be computed and determined by the said Board "by dividing the aggregate taxes by the aggregate value of the "general property in the State; which said rate so arrived at and

"determined shall be entered upon the records of the Board, and "shall constitute the 'average rate of taxation' for the year."

Theoretically this act was all right, but for various reasons its practical application was not at all satisfactory. When the *first day of October* arrived, there were 159 municipalities that had absolutely failed to make the required reports, and which delinquency was duly reported to the Attorney-General as provided by law.

This condition was in a great measure brought about by the creation of the County Boards of Taxation (Chap. 120, P. L. 1906), which Boards as organized took up the work of adjustment of values in their respective counties, thereby delaying until after October first the required reports to this Board. However, from the reports of the local Assessors, as also from the reports of the County Boards of Taxation, and from other sources of information, the State Board of Assessors was enabled to ascertain the necessary data for the computation of the "average tax rate," and from the data so ascertained the rate was fixed at \$1.801 per \$100 valuation, and applied to the assessment of railroad and canal property conformably to the provisions of Chapter 82, Laws of 1906. In view of the existing conditions, we would respectfully recommend that the Act of 1906 above referred to be so amended as to require the County Boards of Taxation, instead of the individual Assessors, to make the annual reports to this department.

Another act passed by the Legislature of 1906 re-defines "main stem" by adding thereto "all structures erected thereon and used in connection therewith, not including, however, any passenger or freight buildings erected thereon" (see Chap. 122, P. L. 1906, Exhibit B of Appendix). The result of this enactment was to transfer from "second-class" railroad property to "main stem" all structures located upon the right-of-way, such as safety-gates, water-tanks, switch-houses, signal-towers and signal appliances—all of which had hitherto been assessed as "second class"—and per contra, transferring from "main stem" to "second class" all passenger buildings, which had always been included in the valuation and assessment of "main stem."

Still another act of the Legislature of 1906 removed from the jurisdiction of this Board, and placed in the hands of the local

taxing authorities, the assessment for purposes of taxation of all "second-class railroad property" (see Chap. 280, P. L. 1906, Exhibit C of Appendix).

So that the State Board of Assessors, in its assessment of railroad property for the year 1906, was restricted to the valuation of the re-defined "main stem" (including franchise) and the "tangible personal property," to be assessed and taxed at an "average tax rate," computed in conformity with the provisions of Chapter 82, Laws of 1906, as above noted. As a result of this assessment, the tax for the year 1906 upon the items corresponding to similar items in the assessment of 1905, has been very materially increased, as will be shown by the following table:

COMPARISON OF ASSESSMENTS, 1905 AND 1906.

	Total Assessable for State Uses.	Tax for State uses.
1906,	\$194,532,469	\$3,503,529 70
1905.	190,198,243	950,991 21
	<hr/>	<hr/>
Increase	\$4,334,226	\$2,552,538 49

Chapter 146, Laws of 1906, provides that of the above State tax of \$3,503,529.70, all in excess of a sum equal to one-half of one per centum of the total valuation shall be devoted to the maintenance and support of free public schools, and further provides for the apportionment and payment of such excess by the State Comptroller. Upon the assumption, therefore, that the above tax is collected in full, there would be the very handsome sum of \$2,530,867.35 to be distributed to the various counties of the State and applied to public school purposes, thereby and to that extent reducing the tax burden imposed upon the individual taxpayer.

"SECOND-CLASS" RAILROAD PROPERTY.

Chapter 91, Laws of 1905, under the terms of which act this Board last year (1905) valued and assessed the "second-class" railroad property in each taxing district, and imposed thereon the local rate of taxation in each of said districts respect-

ively, has, as above indicated, been abrogated by the provisions of Chapter 280, Laws of 1906, placing in the hands of the local authorities the assessment of this class of property for purposes of taxation.

The customary tabular statements pertaining to the assessment of railroad and canal property for the year 1906 will be found in the Appendix to this report.

MISCELLANEOUS CORPORATIONS.

For the current year of 1906, assessments have been levied against 10,230 corporations, amounting to \$3,515.878 tax, classified as follows:

1 Electric light company	\$30 84
3 Life insurance companies incorporated in New Jersey..	341,699 72
1 Parlor, palace or sleeping car company.....	3,610 74
5 Express companies	1,282 23
10,220 Companies taxed upon capital stock.....	3,169,254 47
<hr/> 10,230	<hr/> \$3,515,878 00

In the annual reports of this Board for the past two years reference was made to the failure of a very large number of corporations to make annual returns on or before the first Tuesday of May, as required by law, and which corporations were in consequence of such failure assessed upon the basis of full authorized capital stock. Of the total number of corporations assessed for this year more than one-third absolutely neglected to observe the plain requirements of the law. It is true, perhaps, that very many of these corporations were practically defunct, but the fact nevertheless remains that under the provisions of Chapter 89, Laws of 1897, our Board has been called upon to receive the petitions of appeal, hold hearings, investigate and finally adjust the assessments levied against several hundred corporations—a condition which might have been avoided by a proper observance of the law on the part of the appellants.

Attention has also been previously called to the abuse of the certiorari privilege, and we desire to again quote from our reports of 1904 and 1905 upon this point:

“Under the existing law, by taking a writ of certiorari to the

"Supreme Court, the tax is reduced from that assessed on the full amount of the authorized capital stock to the amount of capital stock actually issued and outstanding on the first day of January preceding the assessment. If all corporations made their returns as required by law, and in proper form, there would be no necessity for these writs of certiorari, and thereby the extra work entailed upon the Board by these proceedings would be avoided.

"We would respectfully recommend to the Legislature that the act concerning the taxation of miscellaneous corporations be so amended that where a corporation fails to make proper returns as required by law, and the assessment, being levied in default, is afterwards reduced upon certiorari proceedings, that a penalty of some character should be exacted from such corporation."

Since our last report, writs of certiorari have been granted by the Supreme Court to the following named corporations for review of tax assessed, and in almost every instance the tax so assessed was because of default in making return:

Aiton Machine Company	Tax of 1906
Andersen Coal Mining Company	Tax of 1905
Atlantic Brick Manufacturing Company.....	Taxes of 1904 and 1905
Automatic Vessel Discharging and Conveyor Company.....	Tax of 1905
Bankers' and Merchants' Real Estate Company.....	Tax of 1905
Central Finance Company	Taxes of 1905 and 1906
De Lite Manufacturing Company	Tax of 1905
Monarch Emery and Corundum Wheel Company.....	Tax of 1905
Public Accountants Company	Tax of 1905
Sauvage Safety Brake Company	Tax of 1905
Standard Lamp and Glass Company.....	Tax of 1905
Sterilized Milk Company	Tax of 1905
Tripler Liquid Air Company of New York.....	Tax of 1905
United Oilcloth Company	Tax of 1905

Following the suggestion in our report of 1905, the Legislature of 1906 corrected the very obvious defect in the previous tax acts by more particularly defining what should constitute capital stock "issued and outstanding." This was done by Chapter 19, Laws of 1906, providing that "any shares of stock either fully paid or partially paid in cash or by property purchased, whether issued or otherwise, shall be deemed to be shares of

"stock issued and outstanding until such shares or any substitute therefor shall have been retired and actually canceled." (See Exhibit D of Appendix.) By this legislation many dollars of tax have been saved to the State.

The following table is a summary and comparative statement of the assessments levied upon Miscellaneous Corporations from the year 1884 to 1906, inclusive:

YEARS.	Number of Corporations Assessed.	Amount of Tax Assessed.	Increase in Number of Corporations Assessed.	Increase in Amount of Tax Assessed.	Decrease in Amount of Tax Assessed.
1884	619	\$195,273 51
1885	797	235,769 40	178	\$40,495 89

1906	10,230	3,515,878 00	165	89,595 52

While it is evident from the above table that there has been during the past year an increase in the *number* of taxable corporations, it is equally evident that for the past two years the amount of tax *assessed* has very materially fallen off.

With respect to the number of corporations assessed, the fact must not be lost sight of that by proclamation of the Governor,

dated January 25, 1906, the charters of 1,407 corporations were declared forfeited for non-payment of State tax, so that, as a matter of fact, there were 1,572 new corporations assessed for tax of 1906.

As to the decrease in the tax *assessed* to the amount of \$89,595.52, the records of the State Treasurer show that the *actual collections* were as follows:

For taxes levied in 1906.....	\$2,251,543 28
For taxes of previous years.....	242,672 53
	<hr/>
	\$2,494,215 81

MUNICIPAL FRANCHISE ACT.

Assessments based upon returns made were levied against 275 corporations and 5 individuals, amounting in the aggregate to \$520,468.35 tax, classified as follows (the increase in tax over 1905 being the sum of \$42,031.26):

NUMBER.	CLASSIFICATION.	TAX.
29	Street Railway	\$194,664 77
90	Water	44,659 99

The following table will show the apportionment of this tax to the various municipalities of the State, grouped by counties:

The only legislation of 1906 affecting the franchise taxation of "public utility" corporations was Chapter 290, Laws of 1906, copy of which act will be found in the Appendix, marked "Exhibit E." This act takes effect January 1, 1907, and under its terms the franchise tax upon Street Railroad Corporations for the year 1907 will be fixed at the rate of $2\frac{1}{2}$ per centum upon the gross receipts for the year 1906; for the year 1908, the tax will be at the rate of 3 per centum upon the gross receipts for the year 1907; and so on from year to year until the rate of tax, by gradations of one-half of one per centum annually, shall have reached the maximum rate of 5 per centum, at which rate the franchise tax shall thereafter be assessed. In all other particulars the Act of 1906 is practically the same as Chapter 195, Laws of 1900, and supplements.

In the Appendix to this report will be found the following exhibits and schedules, viz. :

EXHIBIT A.—Chapter 82, Laws of 1906, providing for the assessment of certain classes of railroad and canal property at an “average tax rate,” and prescribing the method whereby such rate shall be arrived at.

EXHIBIT B.—Chapter 122, Laws of 1906, re-defining “main stems” of railroad corporations.

EXHIBIT C.—Chapter 280, Laws of 1906, placing in the hands of the local taxing authorities the assessment of “second-class” railroad property.

EXHIBIT D.—Chapter 19, Laws of 1906, defining what shall constitute capital stock “issued and outstanding.”

EXHIBIT E.—Chapter 290, Laws of 1906, grading the franchise tax of Street Railroad Corporations, beginning with the tax for the year 1907.

SCHEDULE A.—Assessments levied against Miscellaneous Corporations for State purposes upon the basis of capital stock issued and otherwise.

SCHEDULE B.—Assessments levied against Corporations using or occupying the public streets and highways.

SCHEDULE C.—Apportionment to the various municipalities of the State of the franchise tax, as shown by Schedule B.

SCHEDULE D.—Assessments levied against Railroad and Canal Corporations.

All of which is respectfully submitted.

EXHIBIT A.

CHAPTER 82, LAWS OF 1906.

A FURTHER SUPPLEMENT to an act entitled, "An act to revise and amend 'An act for the taxation of railroad and canal property,' approved April tenth, one thousand eight hundred and eighty-four," which act was approved March twenty-seventh, one thousand eight hundred and eighty-eight.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. The tax which shall be hereafter assessed upon the property of railroad and canal companies, particularly described in subdivisions one, three and four of section three of the act to which this is a supplement, shall be assessed and paid in the manner and form following: On or before the first day of May of the present year and the first day of March in each succeeding year, any person or company running, operating or constructing any railroad or canal in this State shall return to the State Board of Assessors statements or schedules showing the length and value of the main stem of each railroad, and of the waterway of each canal, and the length of such main stem and waterway in each taxing district as it existed on the first day of January preceding, which may be shown by a map or maps accompanying the same, together with the number, character, location and value of the depot buildings used for passengers connected therewith, and specifying the character and value of all the tangible personal property used by it for railroad and canal purposes. Said statements or schedules shall also show: *a.* The amount of capital stock authorized and the number of shares into which such capital stock is divided; *b.* The amount of capital stock paid up; *c.* The market value, and if no market value, then the actual value of the shares of stock; *d.* The total amount and the details and particulars of all indebtedness. Such statements or schedules shall be made in conformity with such instructions and forms as may be provided by the State Board of Assessors, and such further statements shall be furnished as the said board shall require. All statements and schedules shall be subscribed and sworn to by the president or other chief officer, before some officer of this State authorized to administer oaths. The said board shall prescribe the form of the oath to the statements and schedules required by this section, and any person who shall make such oath falsely shall be deemed guilty of perjury.

2. On or before the first day of November in each year, the State Board of Assessors shall value and assess the property described in the foregoing section, including the franchise, and shall, upon the completion of their valuation and assessment, proceed to compute the tax upon the entire as-

sessed valuation of the property of each railroad company and of each canal company referred to in the foregoing section, including the franchise, as ascertained by them, and upon such valuation each company shall pay to the State, a tax at the "average rate of taxation," to be computed by the State Board of Assessors as hereinafter provided, and which said valuation and assessment of tax shall be certified and reported to the Comptroller of the Treasury, as provided by the act to which this act is a supplement.

3. The "average rate of taxation" shall be computed in the following manner: On or before the first day of October in each and every year the assessor in every taxing district in this State shall prepare and forward to the State Board of Assessors a certificate, under his hand and seal, duly sworn to under oath, certifying to the State Board of Assessors the true value of all property, real and personal, located in his taxing district other than the property of railroad and canal companies, the taxation of which is provided for by this supplement, but including therein the assessed value of property of railroad and canal companies particularly described in subdivision two of section three of the act to which this act is a supplement, and shall also certify and report the rate of taxation in said taxing district for the said year. The aggregate value of all the property, real and personal, so certified, shall be deemed to be the aggregate value of the general property in the State. In each taxing district the amount obtained by multiplying the value of all the property in such taxing district by the rate of taxation therein shall be deemed to be the total taxes of said taxing district, and the aggregate of the said total taxes so ascertained shall be deemed to be the aggregate taxes of the State. The "average rate of taxation" shall be computed and determined by the said board by dividing the aggregate taxes by the aggregate value of the general property in the State; which said rate so arrived at and determined shall be entered upon the records of the board, and shall constitute the "average rate of taxation" for the year.

4. In case any assessor in any taxing district shall neglect or refuse to make the return hereinabove required, the State Board of Assessors shall ascertain, in such manner as may be deemed by them most practicable, the aggregate value of all the property in such taxing district as above provided, and the "total taxes" therein and the amounts fixed by said State Board of Assessors shall stand as the aggregate value and the total taxes for said year for said taxing district for all purposes under this act. Any assessor failing to make the return above required within the time herein limited shall forfeit the sum of fifty dollars, to be recovered in a summary proceeding before any justice of the peace or district court, at the suit of the State of New Jersey. The State Board of Assessors shall report to the Attorney-General the name of any assessor failing to make the return by this act.

5. All acts and parts of acts inconsistent herewith be and the same are hereby repealed; but nothing herein contained shall apply to any other statements that are by the act to which this is a supplement required to be made, nor to any other property than that herein described.

6. This act shall take effect immediately.

Approved April 5, 1906.

EXHIBIT B.

CHAPTER 122.—LAWS OF 1906.

A FURTHER SUPPLEMENT to an act entitled "An act to revise and amend 'An act for the taxation of railroad and canal property,' approved April tenth, one thousand eight hundred and eighty-four," which act was approved March twenty-seventh, one thousand eight hundred and eighty-eight.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. The term "main stem" of each railroad company, as used in the act to which this act is a supplement, and in the acts amendatory thereof and supplementary thereto, shall hereafter be held to include the roadbed, not exceeding one hundred feet in width, with its rails and sleepers, and all structures erected thereon and used in connection therewith, not including, however, any passenger or freight buildings erected thereon.

2. This act shall take effect immediately.

CHAPTER 19.—LAWS OF 1906.

A FURTHER SUPPLEMENT to an act entitled "An act to provide for the imposition of State taxes upon certain corporations and for the collection thereof," approved April eighteenth, one thousand eight hundred and eighty-four.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. All corporations incorporated under the laws of this State, other than those which are subject to the payment of a State franchise tax assessed upon the basis of gross receipts, shall make annual return to the State Board of Assessors on or before the first Tuesday of May in each year, and shall state therein the amount of the capital stock of such corporation issued and outstanding on the first day of January preceding the making of said return, together with such other information as may be required by said board to carry out the provisions of this act, and shall pay an annual license fee or franchise tax of one-tenth of one per centum on all amounts of capital stock issued and outstanding up to and including the sum of three million dollars; on all sums of capital stock issued and outstanding in excess of three million dollars and not exceeding five million dollars, an annual license fee or franchise tax of one-twentieth of one per centum, and the further sum of fifty dollars per annum per one million dollars, or any part thereof, on all amounts of capital stock issued and outstanding in excess of five million dollars; and any shares of stock either fully paid or partially paid in cash or by property purchased, whether issued or otherwise, shall be deemed to be shares of stock issued and outstanding until such shares or any substitute therefor shall have been retired and actually cancelled; *provided*, that this act shall not apply to railway, canal or banking corporations, or to savings banks, cemeteries or religious corporations, or purely charitable or purely educational associations not conducted for profit, or manufacturing or mining corporations at least fifty per centum of whose capital stock issued and outstanding is invested in mining or manufacturing carried on within this State, and which mining or manufacturing corporations shall have stated in the annual return to the State Board of Assessors where the mine or manufacturing establishment of such corporation or corporations is or are located, the character of the ores mined or the goods manufactured, the total amount of its capital stock embarked in the business of mining or manufacturing and the amount of capital stock actually employed in New Jersey in carrying on

such mining or manufacturing business. If any manufacturing or mining company carrying on business in this State shall have less than fifty per centum of its capital stock, issued and outstanding, invested in business carried on within this State, such company shall pay the annual license fee or franchise tax herein provided for companies not carrying on business in this State, but shall be entitled, in the computation of such tax, to a deduction from the amount of its capital stock issued and outstanding of the assessed value of its real and personal estate so used in manufacturing or mining.

2. All acts and parts of acts inconsistent with the provisions of this act be and the same are hereby repealed, and this act shall take effect immediately.

Approved March 12, 1906.

EXHIBIT E.

CHAPTER 290—LAWS OF 1906.

AN ACT for the taxation of the property and franchises of street railroad corporations using or occupying public streets, highways, roads, lanes or other public places in this State.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. All the property, real and personal, and franchises of street railroad corporations which have acquired or may hereafter acquire authority or permission from this State, or from any taxing district or municipality therein, and which have, or may hereafter have, the right to use or occupy and are occupying streets, highways, roads, lanes or public places in this State, shall hereafter be valued, assessed and taxed as hereinafter provided.

2. The respective assessors or taxing officers, boards or bodies of each taxing district in this State shall, each year, ascertain the value of the property of every street railroad corporation in or upon any public street, highway, road, lane or other public place in each municipality or taxing district, and the value of its property not so located, and all such property shall be assessed and taxed at local rates as now provided by law, and all proceedings for appeal, review and collection of the taxes so assessed shall be and remain applicable to such taxes.

3. The assessor or board or body whose duty it is to make the assessment in each taxing district shall annually make a return, certified in writing, on or before the third Tuesday in September of the value of all property assessed under the provisions of this act, which is located in or upon any street, highway, road, lane or other public place in such taxing district, together with the names of the owners and of those operating the same, and shall file such return in the office of the State Board of Assessors. The said State Board of Assessors shall have the power to inquire into, equalize and revise the valuations returned to them in said statements by the local assessors of the various taxing districts, and to fix the valuation of such property for any taxing district which shall fail to file its return within the time required by law, or within such further time as said board may prescribe, so as to secure an equitable and fair valuation and apportionment of said franchise taxes upon a uniform basis of valuation between the various taxing districts entitled thereto.

4. Every street railroad corporation subject to taxation under the provisions of this act shall, on or before the first Tuesday in May in each year,

return to the State Board of Assessors a statement showing the gross receipts from its business in this State for the year ending December 31st, next preceding, and any such corporation having part of its road in this State and part thereof in another State or States, or having part of its road on private property and part on any public street, highway, road, lane or other public place, shall make a report showing the gross receipts on the whole line, together with a statement of the length of the whole line and the length of the line in this State upon any street, highway, road, lane or other public place, and the franchise tax of such corporation for the business done in this State shall be levied by the State Board of Assessors upon such proportion of its gross receipts as the length of the line in this State upon any street, highway, road, lane or other public place bears to the length of the whole line; such statement or report shall be subscribed and sworn to by the president, vice-president or other executive officer of such corporation, and any street railroad corporation refusing to make such annual statement or report shall forfeit, as a penalty for such neglect or refusal, not more than five thousand dollars, to be assessed by a jury for each offense, to be recovered by action in the Supreme Court of this State, in the name of the State, and when collected, paid into the State treasury; and it shall be the duty of the State Board of Assessors to certify any such default to the Attorney-General of this State, who thereupon shall bring an action at law for such penalty; any person who shall falsely make any oath required to be made under this act shall be deemed guilty of perjury, and upon conviction thereof shall be liable to all penalties by law therefor.

5. An annual franchise tax upon the annual gross receipts of every street railroad corporation or upon such proportion of such gross receipts as the length of its line in this State upon any street, highway, road, lane or other public place, bears to the length of its whole line, shall be assessed by the State Board of Assessors as follows: for the year nineteen hundred and six, two and one-half per centum upon such gross receipts; for the year nineteen hundred and seven, three per centum; for the year nineteen hundred and eight, three and one-half per centum; for the year nineteen hundred and nine, four per centum; for the year nineteen hundred and ten, four and one-half per centum; for the year nineteen hundred and eleven, and annually thereafter, five per centum.

6. The State Board of Assessors shall annually ascertain and apportion the franchise tax assessed against any street railroad corporation as aforesaid among the various taxing districts in which such corporation is operating street railroads in proportion to the value of the property located in or upon any public street, road, highway, lane or other public place, as shown by the statements so filed with the said board; the amount of the franchise tax assessed in pursuance of this act shall be certified in writing to the respective assessors of taxes, or officers having like powers and duties in the various taxing districts in which street railroads are located, on or before the third Tuesday in October of each year; *provided*, that no change in the apportionment of the franchise tax assessed in pursuance of this act shall be made after the apportionment by said State Board of Assessors, as afore-

said, except by and with the consent in writing of the assessors of the taxing district or districts whose proportion of the franchise tax would be reduced by such change. The assessor or other taxing officer shall, within five days after being notified of such apportionment of the franchise tax, deliver or cause to be delivered to the street railroad corporations taxable under the provisions of this act, and to the collector of taxes of such taxing district a statement in writing showing the amount of such franchise tax so ascertained, which shall become due at the time and place, when and where other taxes are payable in such taxing district, and the taxes so assessed and certified shall be and remain a first lien on the property and franchises of such corporations in such taxing district until paid with interest, and penalties thereon, as in cases of other delinquent taxes, and shall be collected in the same manner as other taxes are collected, and the same proceedings available for the collection of other taxes shall be and remain applicable to the collection of the franchise tax hereby authorized.

7. All money now or hereafter payable by any street railroad corporation to any taxing district for its exclusive use, pursuant to any contract, agreement, resolution or ordinance (except money expended for paving or repairing any street, highway or other public place, or taxes on real or personal property) shall be paid notwithstanding this act, and when paid shall be considered on account of or in full, as the case may be, for the franchise tax to be assessed and apportioned according to the provisions hereof; if the amount so payable is greater than the amount of the franchise tax apportioned to such taxing district, such payment shall be in lieu thereof, and if less, the difference in amount shall be payable as herein provided.

8. The franchise tax and tax on the real and personal property of street railroad corporations imposed by this act shall be in lieu of all other taxes now assessed or assessable against street railroad corporations subject to taxation in pursuance of this act.

9. This act shall take effect on the first day of January, one thousand nine hundred and seven.

Approved May 23, 1906.
